How To Convert To Islam: How To Become A Muslim By Converting To Islam (an Islamic Religion Overview)

Synopsis

If you want to learn more about the Islamic Religion, and how to convert to Islam and become a Muslim, then this book is for you! Today only, get this incredibly useful guide for only \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Muslims are likely some of the most misunderstood people in the world. They are oftentimes despised for their Jihads or holy wars. So if you have decided to convert to Islam, then you must have read its true teachings about peace, love and respect. Yes, Islam is very much a religion of peace. But before you convert, you should become familiar with the Islamic beliefs and practices, and be prepared to fully incorporate these beliefs into your life. Are you ready to change your lifestyle because of Islam? Being a Muslim means embracing a new way of life. If you choose to convert to Islam, please know that Muslims will welcome you warmly no matter your race, color, or which previous creed you belonged to. This book will help make your conversion process much easier, and will also help you to better understand and appreciate the Islamic religion. Here Is A Preview Of What You'll Learn... The Basic Beliefs of Islam | Important Rituals of Islam | How to Convert | Important Muslim Holidays and Events | Key Pointers for Islam Converts | The Five Pillars of Islam | Much, much more! Customer Reviews

A girl I work with recently converted to Islam. I often hear about her needing to pray and fasting. I was curious so I thought I would see what it was all about. This book is very detailed, I really enjoyed learning about all of the customs and beliefs, I think it would take a lot of discipline to practice this religion but at the same time it is great that the belief that all that you do is a form of worship to God. I like that the book really focuses on the peace, love and respect that people practice and takes away the stereotype that Muslims are terrorists. It will change my opinion in the future for sure

The word Islam means voluntary *As-Salām* "Submission" or *As-Sulm* "Surrender" to the Will of God. It derives from the root word *As-Salām* "salam," meaning peace. This ebook has a lot of interesting information about the true meaning of Islam. A good guide for someone who has a plan of converting to Islam. It contains all the different teachings including the five pillars in a way that can easily be digested by the reader. Thanks for this book. I have now the clear understanding about the religion Islam.

This is a rather brief book but very informative and enlightening if one is interested in learning about becoming a Muslim as I am. I know from my own experiences, having grown up attending churches, that there are people who want to speak about Islam only for the purpose of attacking it, not really to know, respect, and appreciate it. What I have read in this book is what I have actually seen practiced with Muslim friends and other Non-Muslim friends here in the United States and also over in Egypt, Tunisia, and Palestine. Thanks to the author of this book.

Honestly, this is not the eBook type I'm usually reading. Heck, I'd never even consider buying it. But on a recommendation of a friend who converted to Islam, I decided to give a try and see some reasons why he did that. I understand him now a lot better but my opinion stays the same. I'd never convert to Islam but that is my personal opinion. Daria made great points in the eBook. The only bad

thing about this eBook is that some parts are bad formatted. That's it. But still, it deserves 5 stars

Very comprehensive. I was looking for a resource about this topic for a writing and the research turned out so interesting as I have read all the basics for the conversion. I cannot say that the book covered all as I am Christina by faith and religion, but the book had taught me essentials of Islam that I haven't seen so much from the net. So i can describe it as detailed for me.

I purchased this book wanting to find out more about the Islam faith. This book was extremely informative and knowledgeable. It really shows you what it takes to become Muslim from the prayers to the rituals. I am going to continue as suggested to find out more deeply about Islam.

Very interesting points made here by Daria. It's definitely not your average ebook, but it can help better understand other people and the choices they make. It also provides a bunch of conventional wisdom on Islam that probably everyone would benefit from.

This is an easy and excellent ebook on what one needs to do to convert to Islam and I will say that it is easier to become a Muslim than becoming a Christian or a Jew. This ebook has me thinking.
