Customer Reviews

We really liked the dual language aspect of this book/cd combo. The tunes were delightful, too. However, whoever makes most children's music/song CDs falls into the habit of making the tempo too fast and the accompaniment too cluttered with instruments and too loud. This flaw drowns out the words and duh--that's what we want to hear!!! Still, this is good. I also recommend the one with Christmas legends and songs, Buon Natale.

Bought as a gift for my daughter and her three-year-old daughter, who like it very much.

NOt only does it teach vocabulary embedded within a theme (the year - i.e., fall, Halloween, winter, etc) but the songs are actually fun (i.e, Andiamo allo zoo is our favorite). Great resource to help little ones learn and practice Italian skills.

I taught Italian K-12 and found this helpful in all levels. However,I only used the Cd in the older

grades. I love this and the Teach me Italian pack because it is so difficult to find good Italian language teaching material at all. This one is great to use because there are the American favorites that kids already know. I have been through countless catalogs and info for Italian language materials and find this to be one of the best finds!
