Find It In Everything: Photographs By Drew Barrymore

Synopsis

Photographs by Drew Barrymore reveal hearts found in everyday situations. "I have always loved hearts," writes acclaimed actress Drew Barrymore in the foreword to this heartwarming gift book. "The way that continuous line accomplishes the most extraordinary thing--it conveys love." In **FIND IT IN EVERYTHING**, Barrymore shares the photographs she has taken of heart-shaped objects and patterns she has come across over the past ten years. Some are obvious and others barely discernible. A discarded straw wrapper, a hole in a T-shirt, a scallion in a bowl of miso soup -- seemingly everywhere she turns her lens a heart reveals itself. A very personal collection of images, many of them accompanied by brief captions that reflect on beauty in the everyday, **FIND IT IN EVERYTHING** is a delightful book from the beloved actress and director, who now adds photographer to her list of credentials.

"Barrymore's photographs are upbeat, sincere, and -- need we say it? -- heartfelt." [Academy Award-winning actress Drew Barrymore](#) [Detroit News and Free Press](#)

Drew Barrymore has been a favorite of film audiences since her role in the Steven Spielberg blockbuster *E.T.: The Extra-Terrestrial* in 1982. In the following decades she earned praise from both critics and audiences for her performances in a wide range of comedies and dramas. She has become a major force not only in front of the camera but also behind the scenes, as a successful

producer and director under her own Flower Films banner, with such hits as *Never Been Kissed*, *Charlie's Angels*, *50 First Dates*, *He's Just Not That Into You*, and *Whip It*. Outside of her film career, Barrymore currently serves as the Ambassador Against Hunger for the United Nations World Food Program (WFP). In addition, she recently launched the cosmetics line FLOWER Beauty and the wine label Barrymore Wines. Her photography has been exhibited at the International Center of Photography in New York and has appeared in fashion campaigns.

This was not anything like I expected. I thought it would be a coffee table type book of photographs. Instead the photos were poor quality, something my 8 yr old could have taken on my iPhone. Also you were led to believe that a lot of the "heart" shaped objects were natural or she just happened upon, while many seemed to be staged.

I bought this as a gift for someone who is obsessed with everything hearts. She absolutely loved this book, I am glad I purchased this. It is more of a picture book than anything else, but cute.

I loved the book. However, it's a tiny short little book and falls absolutely in the category of "picture book" as there is not much reading to this book at all. Maybe a little much to pay that being the case, but I enjoyed it none the less. Drew Barrymore just makes me smile.

good transaction, no complaints.

Being a true FAN of EVERYTHING DREW, this book was no exception!!! It shows, if you take the time to REALLY see at your surroundings you can always find beauty in almost everything you experience. Drew is able to do that in her life she's an exceptional talent that didn't let the crappy things she lived thru END her. Really sweet book everyone should check it out.

I saw a small blurb about this book in People magazine. I thought it would be perfect for a friend of mine. I took a look at it and I thought it was amazing where you can find common objects. My friend really enjoyed the book, too.

It's all about hearts.. Hearts are my personal favorite thing on earth and when I heard about this book I was like I have to read it I tried the sample and just had to finish it.. If your a big fan of hearts this is really for you..

If you're a fan of Drew Barrymore, like my wife, and don't know anything about photography, this is a must buy!
