Terrible forced translation. As a native Spanish speaker, this translation is terribly forced, the terms

used don't make sense so the essence of the book is lost. Unfortunately, a book this short that rhymes in English one cannot expect to translate well into another language and still carry out the same magic. Even with Dr Seuss's Spanish books, I learned you have to stick to books written originally in Spanish, if you're looking for them to rhyme harmoniously. Bottom line, invest your money in a Hispanic publisher instead.

I did not read the English version and maybe that makes a difference but I did not find the translation forced or poor, it was rather charming. You have to find the right intonation to read it as it is poetry and if one is not familiar with the manner of reading poetry in Spanish it may be awkward at first. My 16 month old LOVES this book. I typically switch books after a few weeks but she just cannot let this book go. I love that she loves it so much. I'm buying more books by this author.

The Spanish version of the story lines are way too long and complicated. The pictures being on the inside of a boat are totally confusing. Not a fan for my 18 month old. Maybe when she's like 5.

The translation is so bad, that it does not sound like a children book. I was reading to my baby, and I even felt awkward while reading to her.

Wonderful little bedtime book to read to little ones who are learning Spanish.

NOW 22 MY TRIPLETS CONSISTENTLY CHOSE BOYNTON BOOKS FOR NEW BABIES COMING INTO THEIR LIVES

The grandchildren love it. They always want the mom to read to them and this is one of the books they love. Mom is bilingual and wants the kid to learn Spanish. Great way to get the kiddies started as long as you know enough Spanish to help them learn from it

I did read the previous reviews on the book's poor translations, yet I never imagined they would be so bad! How can publishing houses do this?? The pictures and the characters are fun, yet if you are a native Spanish Speaker, this book will hurt your eyes, and you will end up making up better translations as you go along. The pictures are fun, and the story is relevant for children as they prepared to go to bed, but other than that...I agree, you are better off buying the English language version!
