Little Puppy (Mini Look At Me Books)

Synopsis

Little Puppy is one of several titles in the popular Look at Me series of children's animal board books that are being reset in a miniature size to fit tiny hands. Scaled down to approximately half the original's size, this book presents the same illustrations found in the original, with a slightly abridged story. Realistic illustrations and story offer a child-friendly naturalistic portrayal of a baby animal and its mother, and describes in simple language how the mother dog keeps her baby puppy from getting into trouble. Toddlers will love the pictures, and will delight in having Mom or Dad read the story aloud.

Customer Reviews

Bought this as a gift because my kids have the original edition and love it. I realized I was buying a "mini" edition, but the product description reads "scaled down to approximately half" the original's size. When I measured my two copies, this version is actually about 1/8 of the original's size (when measuring the surface area of the page spread). Artwork is scaled down so small it's difficult to see. Text is not scaled down so much, but it is crammed awkwardly onto the small pages. Part of the story is left out to make room for the text. I just thought this was a poor re-formatting of what used to be a really cute book.

This is a very sweet little book, designed for small hands. There are only a few pages, as in any

board book, but I think it's a nice addition to the library I am putting together for my soon to arrive grand daughter.

Such a cute board book. Bought this one and several others for a 1st year old bday party. She loved these perfect toddler sized books.

Very,very cute. Pictures and story is very educative
