As someone who is busy working most of the time, a simple and fast meal usually means a salad,

which doesn't always satisfy. Sometimes I want a more savoury and satisfying dish. And the recipes in the book are great- it provides a good mix of very sumptuous dishes and light healthy ones. Perfect for me.

Loved this book! I often look for healthy food to supplement my workout. This book presented dash diet recipes which are easy to prepare and doesn't require extravagant ingredients! It also stipulated the nutritious values in each diet, giving assurance on the benefits of the food!

This book helps to explain the Dash diet clearly. I was looking for a diet that can combat high cholesterol and this book does it. I am glad that I bought this book. Now I can enjoy good food without feeling guilty. Looking forward to more Dash diet recipe from Rita.

This is an interesting Dash Diet book and all diet recipes are easy to follow too, I like your Recipes#27 The Homemade Blueberries Waffles very much and I am ever to enjoy delicious homemade Blueberries Waffles now ãfÂçÃ â ãÂ Â|.

I like DASH diet recipes. They are nice and common sense foods.

I found some of the recipes had ingredients listed in the directions, but not in the listed ingredients, i.e, applesauce in granola's direction, but not listed in the ingredients. Additionally, not told how much to use. There were several other recipes like that. I looked in the book to see if I could email the author, no information. I would have preferred to purchase a better written recipe book with better directions.
