DragonFire (Dragon Keepers Chronicles, Book 4) (DragonKeeper Chronicles)

Synopsis

Three years of strife have passed since Kale and Bardon freed Paladin's knights. Now, fiery dragons scorch their beautiful countryside as an evil husband-and-wife wizard duo battle one another for supremacy. The people of Amara just want to be left alone, hoping the conflict will disappear. But Paladin is dying, and Bardon and Kale—now married—must accept fateful assignments if their land is to survive. Will their efforts turn the tide against their adversaries? They face a deadly threat—and a challenging choice. Kale's responsibility is to find, hatch, and train an army of dragons, and she tackles the daunting task until she is shocked by a betrayal. As the Amaran countrymen seek escape, she must search for her husband, family, and friends while organizing an underground movement to weaken the enemy. But when the end draws near, Kale must choose between two dismal destinies. Prepare to experience breathtaking adventure and mind-blowing fantasy as never before in this stunning addition to Donita K. Paul's popular Dragon Keepers fantasy series. From the Trade Paperback edition.

Customer Reviews

Great book and an amazing series! I highly recommend you start from the beginning. The characters are flushed out- it's a little predictable yet enjoyable nonetheless.

Just finished this fourth book of the series, reading the fifth currently. While I loved the first three books, I must say 'DragonFire' left me a bit wanting. This entry just lacked a bit of the wonder and discovery that the first three books presented. Also, MUCH has changed between this entry and book three, so be ready for that. More than anything else though, the end is what disappointed me the most. It seemed very rushed and did not "wrap up" very well IMO. Hopefully book 5 is better, so far, so good.

An amazing book. I would highly recommend reading the entire series. Very positive and uplifting.

Really good book. Bought this for our 10 year old son. He loved it!

Do you have a son or daughter that is captivated by mystical stories, but you are looking for alternatives to Harry Potter and other mindless "magical" stories. Well DrangonFire just about does it. Paul give the reader the adventure they crave, but wraps it in an extremely thought provoking context. Great for any age...

I'm a middle school librarian and the kids love this book as an addition to our school library.

Great Book Series. Love the audio version too.

This is well written Science Fiction. It is appropriate for teens and adults. & has good characters who are attempting to be good people. No trashy parts, inappropriate language or undue violence but the book weaves an interesting story without them. I was delighted to find them for myself and they make nice gifts.
