This was terrible and I returned it. I think the stories were obviously written by adults. I wouldn't even let my daughter read this for fear that it may give her crazy ideas to do stuff she could never even imagine doing herself.

My daughter liked the stories-However, some seemed beyond middle school audience.Esp. regarding boyfriends- there were also quite a few sad stories-I bought it to give my daughter a perspective from the voice of fellow middle school kids,and to be encouraging- some were not.

This book is very useful for students in Middle School. It helps them to see that they are not the only ones going through things. They can hear what has happened to other teens their age and how they reacted to the situations. It also opens up conversations of what are some possible other ways to react to these situations and build strong positive character in tweens and teens.

10 hour car trip with an 11 yr old & this was great! He enjoyed it and helped the trip seem not so long as well as read more during our stay. I am keeping the Preteen one back for his next birthday so can't write a review on it but hope it proves as engaging. I should mention tho that I didn't read it, but the 11 yr old was really into it.I think I will glance at the preteen one just so I know what I'm giving him. He loves Chicken Soup stuff tho.Yes, would recommend but glance thru when you get it to keep the kids safe now a days.

I bought this book for my 7th grade grand-daughter and she loves it. At first, she thought it was a book of recipes for different ways to make chicken soup. We all got a chuckle out of that. I will purchase more of these Chicken Soup books for her when she finishes reading the first two I bought her.I was happy to find them on , since I do a lot of shopping here.

Bought this book for my daughter, as her teacher had it and was reading to her sixth grade class out

of it. She loved the stories, so I found it on used, which is always a great deal, and it was in great shape :). She loves it! It seems to be very well fitted for the middle school age, although I appreciate listening to the stories, too :).

My 12 year old LOVES it!! What more needs to be said?!

All the chicken soup books are wonderful and this one will introduce you middle school child to this series.
