Customer Reviews

The Complete Idiot's Travel Guide to Washington, D.C.

Great book. The Idiot series for traveling is good no matter what location you choose. Use this book in conjunction with a google map to really figure out where to stay, eat, and visit. Good reading.

my sister, The good thing about this product is that I can now cut thin slices of my homemade fresh bread! Nice and valuable. so fast, receive it next day . very patient and helpful.

I compared this guide to three others and found the Complete Idiot's Guide to be much more useful for my family. It was nicely organized with very up-to-date, easy-to-understand information for the D.C. novice. The handiest feature is built-in, full color maps -- a D.C. features map in the back and the rapid transit system grid, drawn by color, inside the front cover. It makes this book a definite "take-along" when touring our nation's capital.

The complete idiot's guide to DC is for complete idiots. It gets the facts wrong about DC, is insulting to the city, and is marginally useful as a guide for tourists. Read the Michelin, Rough Guide, Ulysses, or Lonely Planet instead.

This book would be very good for a first time visitor to Washington. If you are going to go and need a guide...here it is.
