# Cadogan Guides Vienna, Prague And Budapest (Cadogan Guide Vienna Prague Budapest)

## **Synopsis**

This indispensable guidebook explores three fairytale capitals, peppered with domes, and spiked with spires. Vienna, Prague, and Budapest have lived through tumultuous histories but thrive today at the heart of modern Europe. It examines Art Nouveau art and architecture in Vienna, soaring Gothic churches in Prague, and Budapest's stately boulevards and vistas. It gives detailed coverage of 16th-century Turkish baths in Budapest, the opera in Vienna, the romantic gardens of Prague's Mala Strana as well as the best places to eat and sleep.

## **Book Information**

## **Customer Reviews**

A comprehensive guide to these three beautiful cities. I liked very much the historical background that was given; Vienna, Budapest, and Prague were not born yesterday and to appreciate their present one must know their past. My quarrel is with organization: overall good but there were some subjects that I wanted to read about a second or third time and had to search them out and this was frustrating.out . Make a note or use a bookmark as you read; it's worth it.

Good price!! Good quality!!... I liked, it is small (thin) enough to pack and transport locally or overseas, big enough to be read as a passenger when traveling by train, airplane, bus, or car. I definitley will make my travel information package purchases at this site!! Also. delivery was before promissed by .

The Cadogan Guides are terrific. We've seen a lot of the world, and I always have a Cadogan Guide at my side or in my day pack. I study them intensely before we depart, and the guides have never let us down. Good combo of art, architecture, restaurants, and done thoughtfully. Good for an adult audience who want more than the basics, which most guides have.

I looked all around for a guide to Prague, Vienna and Budapest and could not find one. Then I checked on and found this book. It is excellent and we have read it in preparation for our trip. We have a clear view of what to do and what to expect in each city and we will bring it along to provide assistance.

It seems like a very good guide book and covers the three cities I am interested in. It is just what I needed.

I bought this book because it had all three cities that I will be visiting on a trip later this year. It's a decent introduction, but I don't think it's going to be super useful on a day-to-day basis on the trip. I'm ordering three separate small guides to use then.

I'm not familiar with the Cadogan Guide series. No Preview. All I had to go on was the book description. "This indispensable guidebook explores three fairytale capitals, peppered with domes, and spiked with spires." This led me to assume that there would be lots of pictures. But the only illustrations are about a dozen color pages at the front, and even they aren't very impressive. This might be a useful guide for someone who is going to Europe, but for the armchair traveler, it was a real letdown.
