Wherever possible, Insight Guides use local experts who provide insider know-how and share their love and knowledge of the destination.

good guide and informative

I've always liked "Insight Guide" books. It's so much more than a where to eat/ where to stay book. If you only want restaurants and hotels, this is not the book for you. If you want some history, geography, customs, you'll like this book. Don't get me wrong. It is a great guide book and does give

hotels and restaurants, just not like other guide books. The photos are awesome....makes me want to go right now and not next year when I'm actually planning on going.
