This completed my sons collection he was only missing this one. He loves these books and it arrived on time and was in wonderful condition.

The magic tree house series has my son hiding in corners and sneaking reading time. =0) It's been really fun to watch him love reading so much.

We are going to visit Pompei in a month and I wanted my daughter to have a feel for the place. This book was fun and gave some flavor without actually scaring her. Also bought the companion non-fiction book "Magic Tree House Fact Tracker #14: Ancient Rome and Pompeii" - reading that next.

It is very interesting it has very cool facts and factual about PompeiiA good book and 5 Star rating!

Grand Kids really enjoyed

I got this book for my daughter. She is six and in Kindergarden. Her class has been reading the series at school. She loves this book and has already read it a few times. She has her own kindle and I have her set up with free time. Love that I can choose what apps and books she has access to.

My son loves magic tree house books. Well sit for hours reading them!
