First a one-man stage play, then a graphic novel, and now an audio drama, Brian Gorman's biographical study of Patrick McGoochan is beautifully crafted & performed, While obviously the work of a devoted fan, it's never merely fannish. This is professional work of high caliber, as McGoochan is interrogated on the set -- or is it just a set? -- of his masterpiece "The Prisoner" about his identity. What follows is not just a timeline of pertinent facts (although they're there), but an exploration & explication of McGoochan's character: as an actor, as a creator, as a human being. The questions of identity, freedom, authenticity, personal meaning are all examined, making it quite clear that "The

Prisoner" was very much an expression of the inner man. As for the production itself? Brian Gorman seems to channel the spirit of McGoohan in both tone & intensity, without resorting to poor imitation or impersonation. Music & sound effects are minimal but effective, enhancing but never overwhelming Gorman's performance. By the hour's end, we not only understand McGoohan better, we're left with a good deal to think about as well. Like "The Prisoner" itself, this drama isn't imposing answers on the listener, but encouraging further questions instead. And also like "The Prisoner" it's enjoyable simply as gripping, well-written & well-performed entertainment. It's fine work by any measure, highly recommended!
