Customer Reviews

With the pages being one-sided, you don't have to worry about color bleeding through to the next page very much. The addition of animals and/or flowers to every page gives it a fancy feel. Looking forward to shopping for more of these treasures soon.

Swear word coloring open the doors to a completely new variety of relaxation methods. new opportunities arise, reaching way beyond the usual purposes of adult coloring. They're meant to subdue your anger by releasing it, not suppressing it. So you might as well let it all flow out. At first you may find yourself a bit more bitter than before but soon you'd be all cursing and coloring, coloring and cursing.

This book is amazing. Who knew swearing could be so classy and beautiful? Obviously we are all adult due to the language, but it's all in fun. I received this book for a discounted price for my honest opinion. The designs are great and make the swear words look and feel less vulgar. It almost makes swearing pretty! A very great coloring book!

Funny, It was a gift. Recipient was pleased.

Awesome gift for someone with a great sense of humor. I bought a package of coloring pencils to go along with the book. I would highly recommend.

Such a great coloring book for my potty mouth aunt haha

I absolutely love this product! beautiful flowers and animals with awesome stress relieving swears words.

The pictures have allowed me to come up with new ways to color like in a monochromatic way or just use every color I can. I have found myself day dreaming throughout the day about what I could do next with the picture I was coloring. Love this book. Many of the designs are very simple and good for a quick stress relief session. Other pages are more intricate, which is good for when I have a bit more time. I especially like that the pages are one sided, so they're marker friendly.
