I used this book to remember just how to give a party for over 50 people at a couples shower. What to do when it is the coldest and rainy day. I just went with it. My Daughter and Son in law to be really had a great time. The food was great, the them was maintained . Thank you

Organized a lovely shower with about 20 ladies in attendance. Used some of the ideas from the book, but mostly realized as I read this book online that I was ready for the next day. It basically gave me confidence and I received many compliments about the beauty of the occasion. Can be

read quickly and used as a reference.

Worst book ever very disappointed. Would never give it a positive rating or refer it to someone ever . waste of money.

If you are used to going to enormous bridal showers where the entire wedding list is invited to a catering hall for the event and you are planning one like that, don't buy this book. You probably know by searching the internet everything this book has to offer. More geared for the home shower.

I didn't realize it was digital and I don't have a kindle so I can't use it

You hardly ever find a book that has really got "everything" in it, but this one does! I pulled off two almost-perfect wedding showers thanks to the information in this book. The author has a great sense of humor, too, and I loved that! It's the only book you need on the topic to host a shower worthy of a super-hostess.

This is an outdated book. I would expect that considering it was written in 2000. On p. 179, suggestion 30, Ideas for Party Favors, it says, "Gift Certificates to Blockbuster".

The book was helpful. I think we are going to use a couple of the ideas in the book. Some of the ideas in the book were a little out of there. They may work for someone without a budget, however we have a budget. The book was well written and I enjoyed reading it.
