Requiem Healing Paperback by Michael Mitton

Cannon Mitton and Rev. Parker are wonderful Anglican clergy. I have met them and heard them speak. They conduct different restoration seminars and have written many books. They researched the Christian understanding of a living person's relationship with the dead. It helped me greatly in understanding several different experiences around sudden or tragic deaths and their effect on my family. It also offers prayers that bring real healing for the ones left on the earth. If you want a historical and sound Theological approach to the Protestant understanding of the dead read this book. "Healing the Family Tree" Kenneth McAll was the book that inspired the writing of this more theological sound book (Requiem Healing). Healing the Family Tree has several reviews if you want more understanding of what this book Requiem Healing addresses. Kenneth McAll discusses the possible reasons for Ghost. Rather interesting though I am not sure how theologically sound. Special kinds of prayers were talked about that seem to quiet down the appearances. A truly fascinating subject rarely explored.
