Private Rooms

Synopsis

Daring and provocative, these images of the female nude challenge the viewer to defy limits and enter ?forbidden territory?. Argentini plays with our notions of privacy and constructs a hidden erotic universe where it's hard to know what we?ll find?our deepest erotic fantasies or a parallel reality? These charged erotic images are both sophisticated and raw, with a dark glamour all their own. ? Highly charged eroticism sure to raise eyebrows ? An ideal gift for lovers of erotica

Guido Argentini likes to shoot women in their skivvies. Grab his book, PRIVATE ROOMS for proof. God we love art. -- STUFF Magazine, March 2006Guido Argentini's PRIVATE ROOMS features nude models posing provocatively in luxury hotels. No brown-paper wrapping needed. -- DETAILS Magazine, March 2006Inside are some seriously sultry images full of lens-locked stares and saturated color. One hell of a sexy book. -- Playboy Magazine, May 2006Private Rooms is everything it purports to be: an erotic look into quiet-looking closed spaces through Argentini's expressive, fantastical camera. -- FLAUNT Magazine, January 2006

Private Rooms is the result of an ambitious photographic project by renowned photographer Guido Argentini that took more than ten years to complete. All pictures were taken in the intimacy of closed rooms, ancient villas, modern apartments and numerous elegant hotels. Argentini plays with our notions of privacy and constructs a hidden erotic universe in which each image becomes a story

with no beginning or end. While each photograph challenges the viewer to defy limits and enter forbidden territory, this is a collection that was clearly born out of a love for women and was completed only thanks to them.

To say this book is massive is a understatement. You get your \$70 worth on this one. Production values are really high. The paper stock is thick and lush. The photography is beyond words. The women are amazing. Nothing to fault here.

I like this book and the quality is superb, the models are beautiful, and the poses are excellent. However, I thought that the same could have been accomplished in a smaller size and shorter version which would have saved on cost and price. It got a little repetitive as it went on, in my opinion. I highly recommend this book as one of the best ones out there for nude/erotic photography. It's classy and it really highlights beautiful female form with excellent lighting. What I also enjoyed is that the sets are all environmental and not studio. I hate those studio nudes that look so fake and posed. It was a good learning book for me.

now this is what a female nude book should strive to be. beautifully printed , photographedthe whole nine yards! excellent. this photog is a genius. beautiful women too! you can't go wrong with this book.

This is an excellent book of nude photography. The models are stunningly beautiful, and the poses and lighting are very artistic and innovative. Mr. Argentini has a fantastic eye for the female form and each photo is a new adventure into the erotic power of a strong, athletic, and confident woman. Mr. Argentini uses the large format well as there is no wasted space in this book. If you enjoy the art of the female nude, then *Private Rooms* is a treasure. Put it at the top of your list.

Argentini has produced a superb collection of fine figure nude photography. The only criticism I have is that the photograph on the book cover is not contained in the set of pictures contained inside the book itself.

This is some classy nakedness. Spendy, but worth it at twice the price. A great gift as well.

I'm really starting to like Guido, first with *Silvereye* and now this book. This book is huge and kept

me flipping pages for hours. Great work, one wouldn't be dissapointed.

The women in this book are, for the most part, lifeless mannequins. In general, I didn't find the women to be photographed in a way that was either erotically attractive, or artistically attractive.
