A History Of The Modern World Volume 1

Synopsis

As the new title reflects, Palmerâ™s A History of Europe in the Modern World maintains its well-established historical authority, while focusing more specifically on Europeâ™s prominent role in modern global exchanges, nation building, transnational commercial systems, colonial empires, and cultural transitions. Combining concise accounts of specific nations and national differences with a wide-ranging, comparative analysis of international events, this updated edition of a classic text carefully examines the whole modern history of Europeans and their perpetually changing societies.

Customer Reviews

Renting digital version for school. I wouldn't advise this if you have bad eyesight and don't own a tablet. For copyright purposes, you can't read it on your computer, only a phone or tablet. If you read on your phone, you can't resize the font to make it any bigger. The letters are larger on a tablet, but just large enough for people with OK eyesight. If you have bad eyes, I don't recommend this.

Interesting book on Europe's history.

Basic text book...dry

Good Product

I know not all the books are like this but mine came with 8 pages that had the bottom portion cut off

It would be wonderful if you could have text-to-speech enabled.
