The DC Comics Encyclopedia, Updated And Expanded Edition

Synopsis

Following the success of the first edition, the updated and revised DC Comics Encyclopedia offers even more incredible DC detail and imagery than the original. 48 brand-new pages include major updates on characters and storylines (including the recent "Infinite Crisis" story arc). This spectacular, up-to-the-minute encyclopedia will delight comic fans of every age.

Customer Reviews

"For the serious DC Comics fanboy whose collection includes all the greats... The DC Comics Encyclopedia is a must." • The Washington Post "...lovingly documented with gorgeous drawings and enough blow-by-blow detail to satisfy completists." • The Dallas Morning News

Are you a comic book junkie? Are you a superhero fan? Have you been watching superhero animations and movies all your life? Have you been reading comics and graphic novels since you were a kid? Are you a comic book collector? Do you collect everything superheroes including but not limited to comic books, graphic novels, action figures, cards, posters, books, price guides, etc.? Then this encyclopedia is essential to own for you! They may call you a geek but Superman #1 (DC) just sold for \$ 100,000.00 and basically same goes for Captain America (Marvel)! Buddy, you have an investment sitting in your garage cabinets! You have your comic books well organized and neat on top of white cardboards inside plastic covers, ordered by alphabet in rectangular presume

cardboard boxes with file numbers and you even designed your cardboard boxes with pictures, logos and alphabetic writings! They may call you a nerd but you have a fortune sitting your garage which you have been collecting since you were a kid. You are well invested and you are a rich geek! So who gets the last laugh?! DC Encyclopedia is made for you! Everything you need to know about DC Universe is in there! All the good herbs and spices are in there! All them goodies and super secrets are in there! All the superheroes and super villainsâfÂçâ →â„¢ dirty laundries are in there! All the dirty secrets are in there! All them oodles and oodles of juicy info plus colorful images are in there! ThereâfÂçâ →â„¢s Gold in them thar hills! This book is awesome. It is a hardcover, collectible coffee table book for serious collectors and thirsty enthusiasts for information. It is loaded with pictures, colorful images, tons of information, background info, specifics and details about each character and each Superhero or Super Villain group. It has boxes with detailed historical information, personal information and power levels on each character and then description of their complete lives. It has the complete history of each character described to the bone! The format is awesome, the images are colorful, the binding is professional and the paper is classy, thick and shiny! It is a very superb and valuable collectorâfÂçâ →â„¢s item to collect for every Superhero enthusiast and fanatic. This book will review your whole memories of superheroes since childhood and gives you new perspectives and new information on the DC Universe. This encyclopedia is essential for your collection and for your never ending thirst for knowledge of the DC Universe. I have a few suggestions for you serious collectors:I. Only collect Marvel and DC because unlike the rest, they go way up in value.II. Keep on collecting but be wise on what to collect because the right Comic Book collection is like Stock Market or money in the bank!III. Buy this book because it is essential for your collection, so you know your stuff and what to collect and read.IV. Buy this specific edition because it is the most comprehensive, complete and well made edition available. Now you know the deal, so purchase this book to become the Master of the DC Universe! Bon Appetite!

I originally had the DC Encyclopedia without the expanded updates and I have to say I like the updated information the larger book provides, what I think they did, however, was remove some of the character (doing a side by side comparison) to make room for the newer characters and/or their descriptions. Overall it is a great book, I do think the next expansion should be just a separate, smaller book with the new material in it like the Watchmen world and the new "Before Watchmen" series they've started as well as the revamp for the NEW 52, (which I am very much enjoying for those who wonder), thanks for reading folk, have a nice day!

Great Buy

I would have gave this book a five star review if 1. It had actually every DC character in it, and 2. The authors actually sat down and proof read this thing before releasing it. It has a lot of DC characters I never knew of. But I was disappointed that in some spots of the book, it references characters under other characters bio's, but does not have that said characters bio. For example, in Lois Lanes bio it reference Mister Majestic. I never heard of the guy, so I look under the M section, and he is not in there. Secondly, this book is not a very good read at all. Most bio's i have seen have enough info, but I have found a lot of grammatical errors, and some what looks to be, bad cut and paste, to where two of the same paragraphs are back to back. Under Superman, and a couple others I found this error, mind you, I went to my favorites first, then just went page by page through half the book. Overall, I like it, but it could be a lot better. Pictures are great, but I wonder how many DC characters total have been left out, since this was published in 2008.

A must have for any comic/super hero lovers. Great for everyone from a casual fan, to a die-hard follower. The DC universe can be a little hard to follow, but this book ties it all together in a colorful, interesting, and informative way. Great coffee table book for your favorite comic nerd (or yourself).

Quality book. It contains much more information than I was expecting. I purchased it as a gift for my grown son who enjoys DC Comic characters. He enjoys the book.

This book is awesome. I bought it for my son as an "end of the school year" present and it was a huge hit. He really liked the graphics and all of the information in it. This book will tell you everything you ever wanted to know about every DC hero, villain, whatever. They do a great job at organizing all the information so kids of all ages can read it and love it. This is like an encyclopedia of the characters- there are not comics in it.

Pros: arrived on time exactly like how it looks in the picture detailed sold for less than retail price
Cons: the outside paper was damaged..don't know if it was because of the shipping and moving around in the box or if the seller sent it like that but that was the only downer.
Overall, I liked it. I bought the book for a good friend of mine and he loves it. Also, since I'm a beginner learner in the DC world, this book is helping me a lot with the character info. It's very detailed, colorful, the pictures are very

well illustrated and it's really interesting. We didn't want to put it down! I would definitely recommend this book to people like me, who want to learn more or people who love comics and just need a refresher.
