Customer Reviews

Awesome book. I like this book. I have found this book to be a good resource for the care and

planting of a fairly wide array of perennials. I appreciate the seasonal care guide for each plant. In addition, the photography is clear enough that you are able to get a good idea of what the plant looks like. I highly recommend this book.

This book was full of helpful and useful ideas and techniques. It was very helpful in my planning phase for my garden this year.

I was truly inquisitive in perennials planting that is the reason I get this book. Perusing this book, it give a portion of the imperative strides that you ought to take after and recollect on the off chance that you need to develop natural lasting plants. It is surely exceptionally supportive to me, and it is additionally simple to peruse and has a decent substance so every beginner's will gain more from perusing this book.
