Synopsis

LIMITED TIME BONUS INCLUDED: FREE Ebook and Report Reveals How to Use the Law of Attraction to Manifest Your Dreams. Discover 500 Powerful And Positive Affirmations For Maximizing Your Success. This book has 500 powerful and positive affirmations that will catapult you to great heights that you've never even imagined before. You've probably heard a version of Earl Nightingale's famous quote from the 1956 book "The Strangest Secret", which says; "The secret" is that you are what you think. You become what you think about. You can create the life you want, simply by thinking the right thoughts. Buddha had already said it "The mind is everything. What you think, you become." But what exactly does this really mean? Does it mean just thinking occasionally about how fancy you want your life to be or does it mean obsessing about it every single moment. Well, while you may not realistically think about something every passing moment, the truth is that you can infuse the right thoughts (in this case; success thoughts) into your mind to help you attract the success that you desire so much. Just as The Buddha and Nightingale put it, if you want to attract success, you have to think success. This success doesn't necessarily have to be material possessions; it could be health, happiness, relationship and in many facets of your life that many of us find it hard to succeed at. If you are searching for the ultimate solution to any of your personal and professional struggles that limit your success, you're in luck because this book contains magical "elixirs" that can transform you into a powerful, confident, courageous, and self-assured person who's not afraid of taking risks. It aims to help you unlock and realize your true, full potential, and instill the motivation and confidence you need to work incredibly hard to actualize your goals and aims. The magical "elixirs" contained herein are amazing affirmations that hold brilliant power. If used the right way and with conviction, these "elixirs" can positively change your entire life and personality. These powerful affirmations will help you be your best, and an exact replica of your true self: the potential-filled person you know yourself to be. Cognizant of the fact that success is relative and personal, this book will provide various affirmations related to different aspects and pillars of your life, in an aim to help you grow holistically. Customer Reviews

I believe that when we want to achieve something positive affirmations makes us motivated. I find it effective because I use positive quotes or affirmation every day most especially when I am on task. This book is very helpful for I can use them everyday and the are so many affirmation in different aspect of life. This is worth sharing.

I am a person who believes in optimism and i find this book a pretty good read. The book is not just a list of affirmations but it also talks about on how you will use it to achieve success. There are many books out there that talk about affirmations but most of them does not talk about how you will use it to grow and relate it to yourself. This book can be good to almost anyone especially if you have low self esteem or looking to improve one's self. I for one have low esteem and this book helped me to gain some self confidence. I am starting now to feel comfortable playing in front of small audience which i hardly did.

Oh, this book is amazing and fully loaded with hundreds of powerful & positive affirmations. At first I

grabbed this book for the sake of curiosity but after reading it entirely I have understood that my selection was not wrong. This book really impressed and pleased me by its helpful contents. If you are searching for effective & perfect solutions to any of your personal & professional struggles, then I am pretty sure you are in the right place and this book will be perfect for you. Throughout this "Affirmations" book I have come to know about the benefits of affirmations and learned how to attract abundance & wealth. The author Jane Peters has done a fantastic job and it's really awesome work so far.

The book explains about what affirmations are, how they work and their benefits. It also shows me 500 powerful affirmations which I can apply to my life. Very helpful! Thanks Jane for the book which may help people to achieve the life they want to have.

the book is great, however, the affirmations are jumbled with the number. Hence I have to assume what the first word is. If you can fix that I would give you 5

5 stars

Powerful!

Good Affirmations. They were split into different categories so you could concentrate on a section. I liked it

Before affirmations are motivations. People should be motivated to improve themselves and their life in order for them to be motivated to practice affirmations
