My daughter and I found this book to be very well done. The written assignments were thought provoking and worth the time spent. Each assignment was well written and required a variety of work from the student, keeping it interesting. Most assignments took approx. 30 min. To complete. We supplemented this work book with several novels as well as Ken Burns Civil war documentary. Strongly recommend this course and we are diving into the next in the series next!

I use this book in my U.S. History class. Its a great supplement to our curriculum!

This workbook is well written with thoughtful questions. The chapters are not too long and they are easy to grade. My student learned a lot from this workbook.
