WHAT I LIKE MOST ABOUT THIS BOOK IS THE WAY IN WHICH IT IS LAID OUT MAKING IT EASY TO FIND WHAT YOUR LOOKING FOR ON ANY PARTICULAR DAY. LIKE IF YOU PLAN ON GOLFING AND WANT TO KNOW WHAT STRETCHES TO DO FOR GOLF IT RIGHT THERE FOR YOU. THE PICTURES ARE ALSO GREAT IT THAT IT TELLS YOU EXACTLY WHERE YOU SHOULD FEEL THE STRETCH.

Good book ... great stretches - now if I can just make myself use it a little more often ... I find videos

more helpful in that regard as having to flip pages is awkward/distracting

Very well done. Stretching is just one of the most ignored easy activities around. This book provides all you need to improve your physical well being beyond what you would think. Follow the guidelines in this book and enjoy your life a lot more than if you ignore this priceless information.

I have lifted weights for years and found that I couldn't even touch my toes with my lack of stretching. I purchased this book as a great beginner into trying to get my muscles more relaxed. It gives a simple step by step way to improve flexibility and health. I felt a heck of allot better after using this inside of the first week.

Great variety of stretches that even I can do. Like the fact that there are several simple stretches included that really help. Easy to follow with good directions and tasteful illustrations.

wow - life restored

I borrowed this book from the library and used it for three weeks before I decided to purchase it. I love the way the exercises are organized and illustrated. The stretches themselves are very do-able and leave me feeling great! I'll be using this book for a long time.

This book contains a great variety of stretches that are well described and illustrated. Description is clear and to the point.
