I Like Rain! (Weather Book 2)

Synopsis

There is a downside to rain, but there is an upside, too. For kids, rain can be an adventureâ ª a chance to experience the mystery of a thunder storm or the joy of testing new boots in a puddle. Rain also gives us water to drink, food to eat, and ponds to swim in. And in all those things we see the loving hand of the Creator. *I Like Rain* is about finding the wonderful in the ordinary and the joy and beauty of being alive. Also look for O'Day and Foster's *I Like Snow!*, *I Like Sunshine!*, and *I Like Wind!*

Customer Reviews

I love this book! I am a kindergarten teacher and have read this book, along with the three others in this series, to my classes for years. The other books in the series are "I Like Snow", "I Like Sunshine", and "I Like Wind". The author does a wonderful job of capturing the wonder of fun and positive aspects of rain, and the children always love the humor. They also love the illustrations, which are vibrant and engaging. I highly recommend this book to any teachers or parents out there!
