Customer Reviews

Pictures tiny and not usable. Pictures in black and white. Unable to use. Returned. Disappointed. Patterns looked but disappointed. Don't buy

I haven't made any of these yet but am looking forward to making some. Love having the patterns on my kindle. The don't take up much space and I don't have to worry about losing them. Very pretty patterns

I was hoping there would be illustrations with the different patterns.

ok

very nice patterns just wish more pics on how to do some of the stitches. Still very nice patterns.
Can't beat the price

Love the afghans included in this manual

Several patterns in this book will be used. Glad that I could download it to the kindle so I don't have to worry about where I stored that book.

Beautiful afghans that will be appreciated and looked at and used for years to come. I love it and will use it.
