Customer Reviews

These are all just ripoff recipes from food.com and you can go there and find them with more accurate instructions. Plus many of these recipes are also misrepresented because they have more than 3 steps. Thai style curry doesn't have Braggs Aminos in it because it is NOT a Thai recipe but one from Neva & Jim Brackett in their "7 Secrets Cookbook: Healthy Cuisine Your Family Will Love" also available on . They suggest the aminos as a substitute for the normal Thai soy sauce or tamari if you're going wheat free. The "Edamame Lo Mein" is from Alex Jamieson's "The Great American Detox Diet." It is also available on .com. This plan was featured in the hit movie "Super Size Me". It was the program followed by filmmaker Morgan Spurlock --the program that reversed the damage he did to his body on his month long diet of fast food for the movie. Lots of directions are the "First of all . . ." followed by "Then blend/add/mix . . ." to make the cut and paste recipes seem original. Same with the pictures. They are ALL cut and pasted from the original recipes on food.com as with all these books. But on food.com you can see the original pictures full blown. If you search "thai recipes" there you find 3,181 recipes. If you do "thai vegetarian recipes" you find 35 that are significantly different from these cut and paste jobs here.

Warrington has assembled a very fine list of popular Thai dishes. This reader recognizes the essential ingredient elements in some of them. Ginger Jasmine Rice is an excellent herbal delight as is the Thai Iced Tea comprised of Black Tea, Anise and Cardamom although the author did not state that Stevia could be used as a good natural sugar substitute. Coconut Mango and Masaman Curry

are also delicious preparations for health conscious dieters. Overall, the book has ample color illustrations and descriptions of the main ingredients to facilitate replication by beginners and more experienced cooks. Overall, the book would be a good acquisition at the listed price.

Eating healthier means moving away from fast foods and a lot of beef for us. That means more fruits and vegetables and this book fits right in even though we don't want to be full vegetarians. And cooking in the Thai style for some of our meals adds variety. The three rice recipes and two Thai style curry recipes were very good. The corn soup and the potato soup along with the green mango salad were delicious additions to our meals. All great recipes and easy to follow.

Whether or not you follow a vegetarian diet, Thai food is delicious! So if you're looking for delicious dishes to excite every taste bud, this book is for you! I really like how each recipe has a photo to give you an idea of how it should look. Give this book a try. I bet you will have more fun at meal time!

The meals inside this cooking book are tasty and nutritious. This cookbook contains Top class delicious and easy recipes. Each recipe is accompanied by a captivating photo of the final dish. Ingredients are easy to follow and easily available in the market. Measurements of the ingredients are precise. Directions for each of the recipe is very easy to follow. From me, I highly recommend this cooking book.

I am newly married and have been struggling to make healthy meals that taste good.. I must say this cook book has new meal ideas that really helped me out.....

I love this book very much because I am vegetarian and the recipes are all vegetarian. This book is filled with excellent collection of top 30 Thai Vegetarian recipes. If you are looking for a good variety of Quick & Super Easy Thai Vegetarian Recipes, then this cookbook is definitely for you. These recipes are absolutely delicious, easy and prepare quickly. All the dishes are evidently explained, easy to follow recipes for all occasions. Easy routing through the recipes and the whole book.

I'm not exactly a vegetarian but I am pretty close to it. I am also a fan of thai food. This book has 30 recipes to create delicious vegetarian meals. The book gives you step by step instructions. It has great colorful pictures. It is easy to prepare and simple to read.
