# Crock Pot Dump Meals, 5 Ingredients Or Less, Just Dump And Slow Cook

## Synopsis

Crock Pot Dump Meals Cookbook makes preparing dinner easier than ever before. Each recipe in Crock Pot Dump Meals Cookbook uses no more than five simple ingredients and takes less than five minutes to prepare. Simply dump the ingredients into your crock pot and let your slow cooker do all the work. Choose from Crock Pot recipes like: Seasoned Pork Chops, Juicy Meatloaf and Baked Potatoes, Teriyaki Chicken with Rice, Pulled Pork Sandwiches, and Cheesy Dump Dish Pizza. Each slow cooker recipe book comes with over 150 recipes that save time and money without sacrificing flavor.

Each slow cooker recipe book comes with over 150 recipes that save time and money without sacrificing flavor.

This is a great cookbook for someone who wants to make the most of their slow cooker. So far I've made "Root Beer BBQ Pulled Pork" and "Simmered Split Pea Soup" and both were delicious. The cover of the book says it contains "more than 100 delicious recipes". There are exactly 101 recipes

and the book is divided into the following chapters: 1. Slow Cooking Hints and Tips 2. Cathy's Favorites (includes things like pulled pork, pot roast, barbecued ribs) 3. Soups, Stews and Chilis 4. Chicken Favorites 5. Bountiful Beef 6. Pleasing Pork 7. Spectacular Sides 8. Sweet Treats On the last page there is a metric conversion chart. The quality of the book itself is excellent. The pages are thick and glossy, and on the page adjacent to nearly every recipe there is a full page photograph of that recipe. There are a few instances when two recipes appear on one page, in which case the adjacent page only contains a photo of one of those recipes. This is a hard cover book and the pages are spiral bound, which makes it easy to keep the book open to whatever recipe you're looking at. There are a couple of meals that I know I'll never make in my slow cooker because it seems more logical to prepare them in another way. One example is the macaroni and cheese which directs you to boil the elbow macaroni first, then put the cooked macaroni in the slow cooker with 6 cups of shredded cheddar cheese and 4 cups of evaporated milk, and cook it on high for 2 to 3 hours. After cooking the macaroni, I prefer to combine the cheese and bake it in the oven to get that delicious golden brown crusty top that's impossible to achieve with a slow cooker. The macaroni and cheese recipe notwithstanding, there are still dozens of recipes in this cookbook that I look forward to making. Next on the menu "Easy Beef Burgundy"!

My mom is the main cook, and has already made at least two recipes from this book. I/we would recommended this cookbook to even a beginner. It is definitely worth the money. I/we would purchase from this seller and again.

Its okay, some good ideas, but nothing you couldn't find on online recipes

This is a Christmas present for a single parent. I am including in the gift the fixings for several meals and a gift certificate for the perishables. I am very pleased with the book.

Love this cook book, great recipes and easy to make. My daughter had this book and she would email me pictures of her dinner that night, I was so amazed when she said how easy the recipe was. I decided to order the book. So easy! Quick service & delivery

This is great for me as I can cook really good food ahead of time and do not have to worry about what to cook everyday. They have tips on how to cut your time shorter to do other things.

Well known classic American cuisine, pot roasts and chicken stews. Nothing spivey or ethnic, A little boring. I like that there is a photo for each recipe and that the book is spiral-bound.

This is one of the best Crock-Pot books I have ever owned. It is easy to read and follow. I love the simple items that you throw into the crock-pot and set it for later. I also love the fact that most of the meals can be cooked either fast or slow. Majority of the meals are kid friendly. They are meals that I have heard of and don't call for ingredients that are hard to find or very expensive. Love that desserts can be made in the crock-pot as well. I had no idea but defiantly will be trying them out. I just need to buy 2 more crock-pots so I can cook several meals at one time. I would recommend this book to everyone.
