Disaster Policy And Politics; Emergency Management And Homeland Security

Synopsis

In this new edition, Richard Sylves continues to emphasize the politics of emergency management and homeland security, providing both historical context and contemporary coverage of the field while examining the role of key actors - scientists, engineers, civil and military personnel, officials and first responders - in the development of policy.

Richard Sylves is professor of political science at the University of Delaware. He has served on a National Academy of Science, National Research Council panel, and he has done funded and unfunded research for FEMA. He served three years as an appointed member of the National Academy of Science Disaster Roundtable. His books include *The Nuclear Oracles*; *Disaster Management in the United States and Canada: Politics, Policy, Administration, Study and Instruction of Emergency Management*; *Cities and Disaster: North American Studies in Emergency Management* (with William Waugh); and *Homeland Security and Emergency Management: A Public Budgeting Perspective*.

This is the authoritative text on the state of disaster policy.

This book is required for my online MPA class. It reads well. Recommended.
