Customer Reviews

Read a lot of philosophy but never this guy, and I have to say, what a wasted life. Just criticizing everything about Christianity and belief in God in general is in a word, pitiful. What a horrible way to spend the little time we have here on earth. Tearing down, not offering anything helpful or uplifting...just sad. If you want to find out how grounded and happy you are, it won't take long reading this guy.

I was hoping to find a translation of The Antichrist from someone else besides H.L. Menchen's bias translation. I failed. But it's eight books for 99 cents, so I can't complain too much.

Nietzsche should be required reading for anyone that wonders why man flees reason for

superstition. One of the greatest minds to ever put ink to paper. The Anti-Christ in particular is exceptional.

A whole different way of looking at the human thought process.

Haunting. You must read it for what it is. Truly masterpieces!!

I have read the first three books and am blown away! I wish I had read this years ago. Only 99 cents!

as described, fast service, Highly recommend!

Tough bone to chew on at times, worthy read
