Customer Reviews

This is an amazing travel guidebook and very helpful, especially before putting steps in St Petersburg. Actually, I had a huge interest to know more about Saint Petersburg and I will have a plan to go there, for that why I purchased this book a few weeks ago. By the help of this book I have come to know about some essential information about that beautiful city. This book guided me about how to skip the tourist traps while my trip. By the help of this book I have understood where I have to go, eat and party during my trip in Saint Petersburg. This book also introduced with some best parks and bars, there I can pass my time perfectly. I was really glad to get this book at the time of the discount period and my old friend suggested me about this book. By reading this book I am pleased enough.

I research well before I plan my vacation anywhere. I like things visual and this book lacks that one thing - pictures! Other than that, an amazing guide to Saint Petersburg. Author has revealed many secrets of that place; from places to eat, to grab a drink from, places for entertainment, night time

beauty and enjoyment, parks and nature retreats, cultural features and more! This book made my passion to travel Russia more deeper. Truly a very helpful guide :)

This is a no nonsense straight to the point book that will give you the 25 top locations to visit in Saint Petersburg in Russia, said to be one of the prettiest cities in the world. It gives details about where to go for each type of activity be it a restaurant a bar, or a park. I really loved that for each location it has the google maps address and many times a link to the locations Facebook or website - a great touch!! and at the end it also gives suggestions for hotels, gadgets we might want to use on the trip and other discounted activities. I recommend this book for anyone planning to travel to Russia and to this wonderful city!

I love travelling. So I take this book because I want to travel Saint Petersburg very soon with my family. This book contains a very clear travel guide to Saint Petersburg. When I read this book, it seems that I already traveled Saint Petersburg because the description is very detailed. This book also discussed about 25 secrets of Saint Petersburg. I have learned a lot about this place that's why I am planning to travel there. I want to go to the places that I read in this book and take some pictures. A complete travel guide to Saint Petersburg.

Perfect little book. Brief but very useful and helpful. Covers all bases.

If you are travelling to Russia, then you must refer to this book. It guides us how to spend time in Russia, beautiful places to visit and many more tourist attractions. I never thought of traveling to Russia until I read this book. But after reading, I realized that I didn't know much about Russia and this is a good book to plan my trip to Saint Petersburg. It was an informative read for me.

Most of the information can be found in the regular guide book; limited scope of information and some of it is dated. Not very useful.

Excellent!
