## **Synopsis**

The Urantia Book is a book of revelation for the backward peoples of Urantia. (Urantia is the cosmic name for Planet Earth.) The Urantia Book provides a comprehensive background for understanding the physical, mindal, and spiritual structure of the universe—•a universe that is spirit dominated and personality managed by providing an overview of some of the existential and experiential personalities and their relationship to the personality core of reality—•the Universal Father and the Paradise Trinity. The Urantia Book also describes the geographic splendor and purpose of the perfect central universe, the encircling seven super universes, and the unfinished future universes and their purpose. This book (The Urantia Book Simplified) attempts to make the concepts less complex for beginning readers of The Urantia Book.

Helpful, quick summary.

Waste of money it has a sentence per section in tiny print in a tiny little booklet. Total waste of money.
