Heart Stop

Synopsis

Jay “Flash” Reynolds has a brilliant future as a trauma surgeon until a truck on a rainy night changes her life. Assistant chief medical examiner Olivia Price is more at ease with the dead than the living—at least the dead never lie. All she needs to do is listen to their stories. What she doesn’t need is a surly new resident who would rather be somewhere else. Two women, one with a damaged body, the other a damaged spirit, challenge each other to dare to live again.

Customer Reviews

Great story once again by Rad. Every one of her First Responder Series books is entertaining and has hot sex. One can learn much from reading her First Responder Series.

I enjoyed the addition of some of her previous characters and the introduction of the new story line. Looking forward to next installment.

Thoroughly enjoyable read. Great new characters set in a somewhat familiar context with some of the most emotional and hottest sex Radclyffe has ever written.

It was like reading the next book in the Justice Series not a book in the First Responders Series. Most of the book was about the characters from the Justice Series. It was lacking in the character development of Jay Reynolds and Olivia Price, the "main" characters. I was disappointed that it was not more like the other First Responder Books

Love her writing .Loved this story

Great book. Love the first responders stories!

The perfect book for Radclyffe fans. We get to visit characters from the Provincetown series and the justice series. Radclyffe never disappoints and this book doesn't either. My favorite author, I have all her books and this one is great.

I liked the story. Radclyffe has a style... hair trigger butch and subtly steel femme...Personally, I could have done w/o Sandy and Dell but was still good in the overall. But do people really say trousers?!
