Customer Reviews

This volume is a reprint of a 1892 pamphlet first published in 1875. The author provides interesting information about the events surrounding the second battle of Adobe Walls and goes on to describe the horrific experience of being caught in a blizzard on the plains. This is all very interesting, but how reliable is it? The author does not appear in any standard references, but his recall of Abode

Walls is generally consistent with other accounts of the battle. However, absent more information about the author, the overall reliability of his account is impossible to accurately gauge.
