## Customer Reviews

This book is a joke! A black and white picture on each page with a brief ... and I mean brief description of the item of interest. A grade school child could have done a better job. Thank goodness I was able to return it for a full refund!

This book is really short. Read in about 5 minutes. Very general descriptions, no useful or interesting information, details absent.

Set up in top 10 format, quick tips on several topics. Would like more pictures, but good for some ideas of things to do.
