Rescuing His Omega (The Omega Auctions Book 7)

Synopsis

If you're born an omega, you don't get to stay with your pack. Instead, you're sent to the Omega Auctions, a place where wolves are traded between packs...a place where they have no say in their future but a place where, at long last, some wolves are finally fighting back. Broken and battered, Sebastian has been rescued from the Omega Auctions but he is haunted by his time there...and the time that he spent with the pack that auctioned him. Sebastian has no idea if he will ever heal from what had happened to him and no idea what path his life will take now. Klaus is a member of the pack that rescued Sebastian "a pack of free wolves" and from the moment they meet he finds himself drawn to the other man. He soon realizes why. Sebastian is his given mate and that means that Klaus has no choice but to claim him. Only, it won't be that simple because Sebastian is far from ready for the love that Klaus is offering and he won't ever be, not unless he confronts his demons. These two wolves will have no option but to go back to the place where Sebastian was shattered...and try their very best to put him back together again.

This is a sweet story and a good addition to the story. I love Sebastian character. Inspire appearing broke he has a core of strength. Looking forward to the rest of the series.

This book is well in line with the others in the series. There is some drama and an interesting twist on make omegas. Good fun book.

whAt can I say, but this was a book I'd read again. Wasn't all about sex. But able finding love and being patient when you find.
