Literacy For The 21st Century: A Balanced Approach (6th Edition)

Synopsis

This title is also available packaged with the Enhanced Pearson eText. To order the Enhanced Pearson eText packaged with a bound book, use ISBN 0133388263. *Â Literacy for the 21st Century: A Balanced Approach* is a thoroughly applied text written to ensure that readers understand the current theories behind and the critical components of instruction for teaching reading and writing as complementary in the development of literacy. Readers are treated to a philosophical approach that not only balances the why, what, and how of teaching literacy but also offers practical pedagogy "teaching strategies and instructional procedures" that foster thoughtful teacher preparation and ensures alignment to the literacy goals teachers are responsible to teach. *Â* New text features model practices that support diverse populations, instruction driven by sound classroom assessment, and new literacy strategies that will help teachers transform literacy learning with digital devices. Integrating the best of what we know about teaching reading and writing, the Sixth Edition of this popular introductory text provides the balance teachers need to be successful in the classroom. The Enhanced Pearson eText features embedded video. *Â* Improve mastery and retention with the Enhanced Pearson eText* The Enhanced Pearson eText provides a rich, interactive learning environment designed to improve student mastery of content. The Enhanced Pearson eText is: Engaging. The new interactive, multimedia learning features were developed by the authors and other subject-matter experts to deepen and enrich the learning experience. Convenient. Enjoy instant online access from your computer or download the Pearson eText App to read on or offline on your iPad® and Android® tablet.* Affordable. The Enhanced Pearson eText may be purchased stand-alone or with a loose-leaf version of the text for 40-65% less than a print bound book. * The Enhanced eText features are only available in the Pearson eText format. They are not available in third-party eTexts or downloads. *The Pearson eText App is available on Google Play and in the App Store. It requires Android OS 3.1-4, a 7" or 10" tablet, or iPad iOS 5.0 or later. *Â* *Â*

Customer Reviews

"Our university has been using Literacy for the 21st Century since 2001. Students purchase this text during their sophomore year. When they return to our university after graduation to earn a masterâ™s degree and reading specialist certification, most still have their copies of Literacy for the 21st Century and they report that they use it often in their classroom teaching." - Helen Hoffner, Ed.D., Holy Family University "...an excellent resource to use for reviewing language arts content as well as introducing pedagogy. It is easily accessible to students and contains current, relevant information that is well supported by theory and research in the field." - Angela Madden, Eastern Kentucky University

Â

The book itself is a great resource, but I really regret buying new. The 6th edition has typos and is missing entire sections that were available in the 5th edition (of which our teacher references during class). It is not a matter of page numbers changing, but entire teaching methods in the compendium were removed (even though they are not outdated!) and a section on ESL parent connection is in the 5th ed. and not the 6th. It is a waste of money to buy this newer edition.

's Kindle version does not include the online content, despite the claim that it does. There is no ACCESS CODE included. Waste of money for that. For online access with e-text copy and active links, order straight from Pearson:

<http://www.pearsonmylabandmastering.com/northamerica/myeducationlab/students/titles-available/title.php?isbn=9780132837798> Pearson site is less expensive, but does not offer access to the textbook without internet (i.e. it is not downloaded). If you want a downloaded version, without active links to online content, then the Kindle version is OK.

fine

This text was required for a collegiate course. However, I will be keeping it as a future resource for my teaching career. It outlines approaches nicely and describes teaching strategies that can be used to target the five components of a good reading curriculum.

great resource

I would rent. Price not worth buying.

There is a lot of marking and the pages are already tearing and have a lot of wear. Hopefully they marked this all down already.

I enjoy the book, it's an easy read and the examples of the assignments are very helpful.
