Kahlo: 16 Art Stickers (Dover Art Stickers)

Synopsis

Full of anguish and passion, Frida Kahlo's arresting self-images fairly smolder on the canvas. Now, after having long been eclipsed by Diego Rivera, her more famous partner, Kahlo's work is achieving widespread recognition. In addition to portraits of herself and Rivera, these excellent sticker reproductions of Kahlo's compelling works include *The Broken Column*, *The Little Hart*, *The Dead Dimas Rosas at the Age of Three*, *Self-Portrait with Monkey*, and twelve others. Outstanding additions to a personal collection, these stickers will also add instant interest to letters, notecards, and other flat surfaces. Original Dover (2000) publication.

Best known for her striking self-portraits, Frida Kahlo (1907-54) ranks among Mexico's most prominent artists. Her surrealistic paintings abound in symbolism, drawing upon her native country's folk traditions and reflecting her own turbulent existence. "I never paint dreams or nightmares," she

asserted, "I paint my own reality." With the Neomexicanismo movement of the 1980s, which celebrated the values of contemporary Mexican culture, Kahlo's work began receiving wider recognition. International exhibitions of her paintings followed, exciting an ongoing interest in her passionate life, which has inspired biographies, an acclaimed film, and an opera.

The stickers look good but they are very small. I gave them to my wife as a gift and we both thought the stickers should have been much bigger.

I used this lovely sticker book stickers to make some very nice blank cards. I used a dark cardstock (dark green, black, dark blue, dark pink) and was able to make 16 cards. A very practical and multiple use item! A nice item for Kahlo fans. Great price. I'd like to see a little more variety in this book, and a little more color. These are nice stickers but the theme and color palette are pretty uniform not representative of this artists colorful and rich portfolio.

I love all the Dover art stickers, as someone who has an embarrassing amount I knew what to expect out of size and quality. I think Frida herself would have loved that the selection of works are some of the weirder, less prominent of hers, many I didn't recognize and as always felt excited to be exposed to different works from these lil sticker books!

Such an adorable little book with captivating stickers inside. I don't even want to stick them to anything cause I feel like nothing is precious enough to be graced by Frida. Arrived really quickly and I got free shipping

More memorabilia for book club party.

Nice

Most of the stickers are the works hardly anyone has seen before. On the one hand, that exposes you to her other works. On the other, not very excited about the stickers. Good quality, though, very sticky.
