I bought a few of these pasta books and they are all basically the same. The basic recipes call for so many egg yolks and frankly are far too intense. However, the recipes and the directions on how to shape etc. are great.

This is a great book. We have used only two of the recipes so far but, WOW! The best book for noodles that I have ever seen. I highly recommend.

Came fast and I love the difference recipes. Wish it had more recipes though for different pastas. Like brown rice etc.

No problem

I love this book, it's my go to pasta book! The best part of it Nicole makes it easy to follow, amazing work chef!

Over the top for anyone who wants to create artisan pasta.

GOT IT FAST EASY TO USE GREAT RECIPES

Wife loved it.
