The Tuttle Publishing Company was established in 1948 in Rutland, Vermont and Tokyo, Japan and is today regarded as a premier publisher and seller of books rooted in Asian culture, language and history. Since its founding in 1948, Tuttle has published more than 6,000 books and today maintains an active backlist of around 2,000 titles. Today, Tuttle publishes 150 new titles each year focusing on Asian languages, Asian food & cooking, gardening & flower arranging, crafts & origami, children's books, martial arts, Asian literature, games & graphic novels, Asian history & culture, health & fitness, self-help & Eastern religion, Asian art & collectibles, interior design & architecture, travel guides, maps, and business books. Tuttle products are available in printed formats as well as popular eBook formats.

I originally purchased these to make paper lanterns, to put over a string of Christmas lights and have glowing lanterns. However, please note that this product IS NOT WASHI PAPER. It is very dense, with a glossy finish. They make terrible lanterns, because the light cannot get through the material at all. That being said, the designs are very beautiful (some I didn't even want to fold - I wanted to frame them instead), and the price is fantastic. There eight different patterns, six sheets of each, which is good if you fudge up the first couple of times. I wish there was more variety, but for this price it's a very good deal.

Great quality paper and lovely prints

This paper comes in about 6 patterns. Obviously, whether or not to like a pattern is a matter of personal preference, but I found one of the patterns in here truly awful, and another 2 or 3 so-so at best. They were just extremely busy and not to my taste. The remaining patterns were nice enough. As another reviewer pointed out, it is a bit harder to see creases when folding with patterned paper. However, there's ample solid-colored paper available. If you're considering this type of paper, you're obviously looking for patterns. It's hard to find patterned paper on bigger than 6.5", so it's great the Tuttle sells at least three packs with various patterns larger than 8" square. Anything smaller than 8" is really too small for most folds, in my opinion. The paper is moderately thick (a bit thicker than standard origami paper I think) with a glossy finish. It seems to be cut fairly well, as, unlike with other paper I've used, the corners match up when one folds it in half.

Great papers, exactly as described and pictured. This paper is perfect for folding origami because it is the right size and shape, as well as the right thickness to work with.

Quite pretty

This item arrived by the date specified and was in good condition. I like the colors & designs of this paper. Very nice paper & it looks like real fabric!

I bought this kit to exercise my mind instead of constantly being on my phone and it's great! Beautiful paper with easy directions. The kit also came all the way to Hawaii in excellent time.

Beautiful origami product in weight and vibrancy/design. Best used for origami designs that do not

require double-sided paper. I use this paper for the larger size of Origami Peace Cranes in art installations and for instruction with art students.
