Customer Reviews

Took this with me on my first trip to Hawaii. It was very informative and gave me ideas for what I wanted to do while I was on the island.

Excellent book which was our sole source of valuable information as we planned the trip and explored the entire island during family vacation. The book won't disappoint!

We just got back from Maui and this book was in the car with us the whole time. The map included was really good and was used often. Helped us find places to eat, where to go (the road to Hana section was especially helpful) and places to stay.

I had borrowed this book from the library. After looking it over, I decided that this book was a "must have" for my vacation. So to I went to purchase my own copy. I have already found it to be a great resource to make sure I get to experience Maui at its best and not miss a thing!!

Nice book. We go to Maui whenever we can and got this book as a gift for a family member who is going along on one of the trips. We looked it over and thought it was high quality and very well illustrated. We would recommend it.

We took this on our honeymoon and used it EVERYWHERE. It's a great guide. The best section was the restaurant reviews, it was incredibly spot-on. Would highly recommend.

This is an excellent reference to all that is Maui and surrounding islands. If anyone is planning a trip to the Hawaiian islands, this is a must.

We have been to Maui many times but we discovered there were places we have not seen yet so I bought airline tickets and we're going to check them out, book in hand.
