Hekate Liminal Rites: A Study Of The Rituals, Magic And Symbols Of The Torch-bearing Triple Goddess Of The Crossroads

Synopsis

Hekate - Liminal Rites A Study of the Rituals, Magic and Symbols of the torch-bearing Triple Goddess of the Crossroads by Sorita d'Este and David Rankine

At the crossroads of life, death and rebirth stands the Goddess Hekate. Honoured by men, women and gods alike, traces of her ancient provenance reach back through the millennia providing clues about her nature and origins along the way. Depictions of her as three formed facing in three ways, sometimes with the heads of animals such as the horse, dog and snake hint at her liminal nature, as well as the powers she holds over the triple realms of earth, sea and sky. The sorcery of Medea and Circe, the witchcraft of the women of Thessaly, the writings of philosophers such as Hesiod and Porphyry all provide glimpses into the world of those who honoured her. Her magical powers were considered so great that even King Solomon became associated with her, she was incorporated into Jewish magic, and merged with other goddesses including Artemis, Selene, Bendis and the Egyptian Isis. Whilst for some she was the Witch Goddess, for others she was the ruler of angels and daimons, who made predictions about Jesus and Christianity. Wherever you look, be it in the texts of Ancient Greece and Rome, Byzantium or the Renaissance, the Greek Magical Papyri or the Chaldean Oracles, you will find Hekate. The magical whirl of the strophalos and the barbarous words of the voces magicae carry her message; the defixiones, love spells and charms all provides us with examples of the magic done in her name. She was also associated with the magic of death, including necromancy and reanimation; as well as prophetic dreams, nightmares, healing herbs and poisons. The temples dedicated to her and the important role she played in the mysteries of Eleusis, Samothrace and Aigina all provide us with clues to her majesty. The popular shrines at the doorways of ordinary people, offerings left at the crossroads and guardian statues of her at the entrance ways to cities and temples all attest to her status in the hearts and minds of those who knew her mysteries. In this book the authors draw from a wide range of sources, bringing together historical research which provides insights into the magical and religious practices associated with this remarkable Goddess. In doing so they provide an indispensable guide for those wishing to explore the mysteries of Hekate today. About the Authors Sorita d'Este and David Rankine are esoteric researchers, mythologists and modern day magicians who have between them authored more than twenty published books on magic, mythology, folklore and the occult. Sorita is the editor of the anthology "HEKATE KEYS TO THE CROSSROADS" and the author of Artemis Virgin Goddess of the Sun & Moon. Together they have produced titles such as Visions of the Cailleach, The Isles of the Many Gods and The Guises of the Morrigan.

Customer Reviews

A good overview for those seeking to delve deeper in to Homeric and Orphic myth sources for Hecate . Thoughtfully written and well sourced.

The best obtainable book available regarding Hekate.

Excellent well researched and written book. Highly recommend.

This book is amazing! If you are looking to understand the Hecate of history, how she was worshipped, why she was prominent, and the various mythos surrounding her than this is your book! Beautifully written, with copious amounts of detail. If some one asked me to recommend a book on Hecate this is the book I would give them.

Great read!

Everything you ever wanted to know about Hekate, but were afraid you were getting fluffy bunny information from some other sources. It is a very scholarly approach to the Dark Goddess and written by two of the acknowledged experts in the field.

I loved getting "lost" in the footnotes. Good read, solid leads to more in depth inquiry. Certainly puts

neopagan views on Hekate into perspective for me. Definitely going to download more books from the end notes has bibliography, I would highly recommend this boom to neopagans who think they know this Deity.

It was a great book, sometimes hard to put down, it's a great starting point. I think used in conjunction with other books dedicated to Hecate a person would have a better idea as to who their planning to worship, this book alone I would consider to be a very lovely history lesson on the Goddess. Well written and easy to read.
