Boom Town (The McCabes Book 4)

Synopsis

Johnny McCabe brings his new bride to Montana, but finds things are not as he had left them. A gold rush is threatening to change the lives of everyone. Meanwhile, in Mexico, Dusty McCabe and the men riding with him discover Sam Middleton has been confined to a covert facility for political prisoners and enemies of the state. A place where prisoners go in, but they never leave alive. Can Dusty and the men with him break Sam out without getting themselves killed in the process?

Customer Reviews

I have read each book in this series up to this one. The story telling is good. Although two really convenient coincidences that don't make any real sense, but then again, it is a work of fiction. Still the coincidences are a bit hard to believe. The editing is much better and I can only recall two times in this book where the author used the wrong names of his characters (used the name of one when it should have been another). Another time he has Zack introduce Dusty as his nephew (which he isn't), when it should have been Joe making the introduction. Normally these kind of mistakes would

be irreconcilable, but I really enjoy the tale. The stories are good and the writing is getting better.

BD has written the 4th novel one the McCabe Clan Series. That action extends from Oregon, California, Nevada, New Mexico, Arizona and Texas into old Mexico to break a man out of a Mexican Prison. As this is being accomplished there are numerous other activities proceeding at once and as they end the ending is in Montana. A case of child molestation, murder and other nefarious misdeeds. Then again this is an era of new beginnings and 2nd chances. Third is an excellent read for the genre..... ER

I love books about the old west. Brad Dennison is one of my favorite writers on the subject. This one continues the family saga and doesn't disappoint. I like that the author keeps things moving, not dragging out a problem forever. I am so looking forward to book six, but at the same time I dread the day I will finish this series! I will read as many of the author's books as I can...thanks, Brad...keep on writin', pardner.

Okay..I am hooked. Gonna by the entire series. Love the McCabes. Lots of good shoot em up action. But, a lot of morals and a story about good people. I am a 74 years old woman and I read a lot of different genres. This book is good for everyone who wants to read a good book about people settling in the west. Please read this series.

Boom Town continues to follow the McCabe family as it grows along with the town founded just three miles from the home ranch. Each member of the family slowly growing into their own shadow. A good read of a continuing saga of the building of the west .

The McCabes are so lovable, everyone of them. Book filled with excitement, keeps me turning the pages. I so enjoyed book 4...getting ready to open book 5! Can't wait to turn a page but don't want the book to end. Great job Brad!

Not bad but not great either. I enjoyed the second half of this book but not the first part. Seeing the word gunhawk a hundred times gets old. Also the family has become too good to be true.

If you love westerners, with action and mystery, with a touch of romance, this is a series for you. Saddened that there are only two more books in the series.
