Excellent and blunt information with practical guide.

Wonderful book. Easy to read, concise and great suggestions. A few of the chapters were things I could relate to and tried the suggestions and utilizing what I had read and actually received a different type of feedback. Great book for both men and women. Thank you Netgalley for the advanced copy in return for my honest review.

Easy to read book with a lot of funny stories and practical advice. This is a very practical and biblical book, so helpful, specifically for Christians. Thank you Netgalley for this book.

This is a great book to get conversations started and to pull a husband and wife back together. I love all the scenarios and dialogues in the book which help women understand men better, and vice versa. David Clarke has so many funny stories, so it helps keep your heart open as you're reading. Highly recommend!
