Book by Peterson, Marlow

I gave this as a gift to someone who likes cat's-eye marbles in particular and misses the set they had in childhood. I haven't seen the book myself, but they called to tell me they love it and said it has gorgeous, large photos that will make it easy to identify their current collection.

Best cateye guide available. As a collector, you can't be without it.

great book

I was able to sort and classify ALL of my hundreds of cat's-eye marbles using this book!If you collect cat's-eye marbles I suggest you buy this book like I did.
