Managing God's Money: A Biblical Guide

Synopsis

God cares a great deal more about our money than most of us imagine. The sheer enormity of Scripture's teaching on this subject screams for our attention. In fact, Jesus says more about how we are to view and handle money and possessions than about any other topic—including both heaven and hell. In *Managing God's Money*, Randy Alcorn breaks down exactly what the Bible has to say about how we are to handle our money and possessions in a simple, easy-to-follow format. Filled with Scripture references, *Managing God's Money* is the perfect reference tool for anyone who is interested in gaining a solid biblical understanding of money, possessions, and eternity.

Customer Reviews

"Randy Alcorn is back, writing about a topic he's very familiar with—financial stewardship. He cites scripture as he explains that everything we own is given to us by God and, therefore, should be treated as precious and borrowed. Jon Gauger accomplishes one of the more difficult tasks of a narrator in that he makes this work his own. He reads with great feeling—as though he has personally experienced the joys and pitfalls of which Alcorn writes. When sharing a deep, theological truth, his measured voice helps the listener meditate on what is being read. Gauger and Alcorn combine for an enjoyable experience that, if heeded, will prove fruitful in this life and the next."—T.D. © AudioFile Portland, Maine --This text refers to the Audio CD edition.

Randy Alcorn is the founder and director of Eternal Perspective Ministries and the best-selling

author of Heaven; Money, Possessions, and Eternity; The Treasure Principle; If God Is Good; Deadline; Dominion; Deception; and Safely Home. Randy and his wife, Nanci, live in Oregon and have two married daughters. --This text refers to the Audio CD edition.

Very good book. Made me realise that God wants everything we have - not just our time, talent, but also our treasure. True Christianity is about surrender of the lordship of all that we have and are. Oh sorry, what we have is His. We don't have anything at all.

Outstanding, scripture-based message that demands a response! I probably have 7 or 8 books on getting rid of stuff. I now have the impetus to let go! All those books will be on top of the pile! I am now reading Money, Possessions and Eternity by Randy Alcorn. Both books are resources based on Biblical principles voicing our need as Christians to truly follow Christ, demonstrating what that looks like. Everyone would/could benefit from reading these texts, especially when application is the response. We bought extra copies of both to share with friends!

This book is well written nicely paced and filled with scripture references. It's a life changing read if approached from a Christian perspective. A textbook for giving, that should be studied and applied for all professing Christians, so that they can be rewarded with an A plus in heaven.

There are so many strategies for getting rich and making it big. But God's plan is simple: give a tithe to church and save a tithe and do it consistently. In that way you are building the kingdom and building wealth. Building wealth also means working with experts to find the best investments, and working with the best charities or churches to make sure that they are good stewards. So it is a very long term and accountable stand. Randy Alcorn has other information to help make a well rounded approach to all aspects of handling money.

Thank you, Randy, for your insight in opening up my life to God's truths in my spirit. What joy you have given me by this book.

The book does a fairly good job of putting money in perspective, in terms of life and God. In the materialistic chase for money all our lives, we often forget about those around us or of a higher purpose. This book talks about saving and investing and charity in a reasonable and coherent manner. Where I slightly disagree is the purpose charity should be for. We can give money in any

form that benefits the underprivileged, or to an institution of faith. That is really our choice. It makes us feel good about ourselves, and reminds us that we have done a good deed. The author seems focused on giving to one particular religious institution for the most part. Other than this one minor note, I liked the book.

This is an excellent book that every Christian should read. Randy does a phenomenal job at explaining money and how we are to view money. He references many scriptures to back up what he says. It is enlightening to finally understand what it means to be God's money managers the right way and start giving. I am so thankful the Lord showed me this book and I am grateful for the knowledge and wisdom I have received.

Received in great condition for a used edition, looks almost new. The book concepts are very easy to understand and are supported by biblical references. Plenty of good material for bible studies in subjects from stewardship to giving to managing money under a biblical perspective. Would recommend it if you like to learn more on what money management means from God's perspective and how it could change the way to see yourself managing God's money.
