Moon Fiji (Moon Handbooks)

Synopsis

South Pacific expert and veteran travel writer David Stanley knows the best way to experience Fiji, from making the most of one of the world's premiere diving spots to getting away from it all in lesser-known villages. David provides great trip ideas for a variety of travelers, such as Best of Fiji, Island-Hopper Special, and The Life Aquatic. Packed with information on swimming the reefs, taking day-long boat cruises, and sampling Fijian specialties, Moon Fiji gives travelers the tools they need to create a more personal and memorable experience.

Customer Reviews

This book is a must-read for anyone traveling to Fiji. I find the Moon guides a little more inclusive and not just catering to the budget or backpack crowd. After using this guide to find restaurants and places of interest, I can say that it saved me days of research. Instead, I just choose from the book and found the descriptions to be bang-on. I would suggest reading it fully before you plan your trip so that you know what areas you want to visit. Then, of course, pack it in your carry-on and keep it with you at all times. Highly recommend! Diana Young- World Traveler - currently sailing in the South Pacific for six months and #1 Best-selling author of Financial Fitness for Beginners.

Excellent book on Fiji we first heard about in a podcast with the author and Rick Steeves. Gives great overviews with day trips and the like and then goes into great detail, my preferred layout for any book like this.

A little out of date, but better than other sources.

Good information. Going to be very helpful.

Loved this book for our recent trip to Fiji that was action packed. My relatives who live there found it so informative that we left it in Fiji with them.

Guide like book.

This travel guide is a nice combination of maps, historical/cultural background, and logistical hotel / restaurant / activities suggestions. I'd recommend it.

Very helpful and descriptive...
