Oh Boy, You're Having A Girl: A Dad's Survival Guide To Raising Daughters

Synopsis

Rules for Raising Little Girls" As the father of a daughter, I wish I'd read this very funny book sooner, if only to know that it's OK for a grown man to wear a tutu." - Dave Barry "Required reading for any parent who doesn't know pants from leggings." - Dan Zevin, author of Dan Gets a Minivan: Life at the Intersection of Dude and Dad It's easy to imagine how you'd raise a boy--all the golf outings, lawnmower lessons, and Little League championships you'd attend--but playing dad to a little princess may take some education. In Oh Boy, You're Having a Girl, Brian, a father of three girls, shares his tactics for surviving this new and glittery world. From baby dolls and bedtime rituals to potty training and dance recitals, he leads you through all the trials and tribulations you'll face as you're raising your daughter. He'll also show you how to navigate your way through tough situations, like making sure that she doesn't start dating until she's fifty. Complete with commandments for restroom trips and properly participating in a tea party, Oh Boy, You're Having a Girl will brace you for all those hours playing house--and psych you up for the awesomeness of raising a daughter who has you lovingly wrapped around her little finger. "Somehow, Brian Klems has taken one of the most traumatic situations known to a father--having a daughter--and made it into something so completely hilarious you'll laugh until you've got oxygen deprivation!" - W. Bruce Cameron, author of 8 Simple Rules for Dating My Teenage Daughter

"A humorous guide for dads of daughters, covering the ins and outs of everything from hosting tea

parties to living in a world of pink." - Toronto Star"Laugh-out-loud book." - Chicago Tribune"I would recommend any person, man or women, who is expecting a daughter to read 'Oh, You're Having a Girl' for a good laugh about the joys and antics that comes with having all girls." - Coastal Carolina Parent

Brian A. Klems is a writer, husband, softball player, perennial fantasy sports underachiever, and father of three lovely little girls. He's a proud graduate of the journalism school at Ohio University. He's also the online editor of Writer's

I got this for my fiance before we had our daughter. It was very cute and turned a lot of serious things into light hearted humor which works out well when trying to explain to a man how to clean a little girl properly, embrace princess and pink. Just cute!The only complaint my man had was that there were a bit too many baseball references; but if you like baseball then more to you!! read it, he read it, we both laughed and it was cute.

This book is amazing! I just had my first daughter and was nervous about a lot of aspects of having a girl (I have 2 boys). But this author gives hilarious but sincere insight to my future of pink.I absolutely reccomend this book to anyone having a daughter,who already has a daughter,or anyone that can appreciate the little women that have us dads wrapped around their finger the moment we welcome them into the world.Thank you for such an amazing book!

Total gag gift hit., doesn't even matter what's inside... brought someone a good laugh... the cover alone pays for itself

Purchased for niece's significant other. Seemed pleased.

This book is hilarious! If you are looking for something light-hearted that reads very quickly, then this is a great book. It's very obvious that the author was geared up to have a son to play ball with, roughhouse with, do "guy" things with and wasn't really ready to be thrown into a world of pink princesses and tea parties. The stories are very relatable for most dads in similar situations and, if read early enough in your daughter's life, offers a glimpse into what the future has in store for you. If you want a great, funny read, then get this book and enjoy the laughs.

I ordered this for my husband and even I thought it was funny and completely true! Great book for a first time dad preparing for a daughter.

I ordered this book for my brother for Christmas because he is expecting his first kid this February, and it came right on time (actually earlier than expected-because the package was shipped faster than the information was updated online). He hasn't read the book yet, but I took the liberty to read the first chapter and I may not be a grown man expecting a little girl, but if I was this book seems like the right thing to read in preparing. Comical yet a level of seriousness for those first time expecting baby girl dads out there.

Super cute book. Got it for my husband, but I have a feeling I'll be reading it as well! Just from the few pages I read it will be a funny read!
