The Massachusetts Eye And Ear Infirmary Review Manual For Ophthalmology

Synopsis

The new Fourth Edition of the Massachusetts Eye and Ear Infirmary Review Manual for Ophthalmology provides a comprehensive self-assessment review and serves as a valuable study aid for any ophthalmologist or ophthalmologist-in-training. The text contains over 1,800 multiple-choice questions covering the entire field of ophthalmology, including all of its major subspecialties. Answers with explanations are provided for each question, and references are included at the end of each chapter. This edition includes more than 250 new full-color photographs and drawings depicting ocular pathology and ophthalmic conditions. All chapters have been updated with new questions to reflect the latest teaching in the field. A companion website features an interactive test bank including all the questions in the book plus 300 unique questions for additional self-assessment practice.

Customer Reviews

Very good reviews in ophthalmology. Recommended for all ophthalmologists.

I like that it is text-to-speech enabled. But it needs to have questions hyperlinked to the answers for when I'm reading it myself.

Like

great question book!

great questions and explicit answers. Well worth buying. Good for review.

Just fantastic! I don't want to give away the 4th chapters surprise but bring your tonopen and some cherry limeaid it's gonna be a long night when you can't put this one down!

Good book, five stars. Excellent resource.

Meets the residency exams in israel. It makes an excellent review and summary of all the topics in the AAO book.
