Customer Reviews

It's a fun book, but young children wouldn't appreciate the humor as much as older ones. The book is easy to read for older children who have reading difficulties, but typical intelligence. They would be the perfect audience.

It was cute and funny I really like it and it taught the lesson of always be yourself don't try to be someone else just to fit in and make good decisions

I enjoyed this sweet short bird story and his attitudes too at times. What super big illustrations as well with very nice sized font words. This with the whole ebook being grand I wish to recommend this for five stars and for kids ages 0-8. I received this ebook for free up to now by using KU,see? But not sure how much longer I will have this access to using it V.? You show some. great action scenes with movement and wavy lines and expression too in this ebook series you have I just wanted to learn how and when to use such actions lines,see? Thanks for finally getting back to me and letting me read your ebooks and learn how to do action lines,etc. for my animal cartoonish illustrations for my funniest animal stories,too! Great job V.
