Couples with great marriages know a simple truth: The best marriages are made up of a lot of everyday decisions that say, "I love you" rather than those that say, "I love me." There's a good reason the Good Book says that the man who loves his wife actually loves himself . . . it's true! So, why not get started loving yourself by loving your wife in ways that say love to her? This book teaches practical, hands-on advice you can start applying immediately. A loved, fulfilled wife is a happy woman, returning to her husband more than he ever poured into her soul. Maybe you've made some mistakes and are struggling to connect, maybe you want your marriage to go from good to great. Wherever you currently are in your relationship, this book teaches men who are serious about loving their wives how to be successful husbands and lovers. And, if you're thinking of getting married some day, you can get a head start on the process of being a loving husband. This is an excellent volume for the soon-to-be married man, as well as the "veteran" husband.

Got this for my husband and he is actually reading it! They are short: 1 page per day. It doesn't take a lot of time, yet gives great advice/input.

I bought both the husband and wife for myself and my husband and we have both learned a thing or two and been reminded how much them little things matter.

Awesome book! Easy read and very practical. I've been reading it over and over again.

My wife and I read this book together over the span of about 14 nights. It has definitely been an eye opener for me and she has grown to look forward to us getting together to read =D
